16. **Resolution No 01 09-11-2017** - Proclamation Suicide Prevention Awareness Month:

BEFORE THE COUNTY LEGISLATIVE BODY FOR UNION COUNTY, TENNESSEE

RESOLUTION No. 01 09-11-2017

WHEREAS, suicide is one of the most disruptive and tragic events a family and a community can experience, with more than 900 lives lost in Tennessee each year and an estimated 8-25 attempted suicides for each suicide death; and

WHEREAS, suicide is the 10th-leading cause of all deaths in Tennessee and the second-leading cause of death among people from the age of 15 to 24 (source: Tennessee Department of Health); and

WHEREAS, Tennessee veterans, active-duty military personnel, and National Guardsmen face a disproportionate risk as compared to the general population of Tennessee, with more dying from suicide than combat; and

WHEREAS, public awareness of this terrifying problem is the key to preventing further suffering and loss of life; and the risk for human self-destruction can be reduced through awareness, education and treatment; and as the highest risk for suicide is among the survivors of those who died by suicide or those who have attempted suicide; and

WHEREAS, suicide prevention has been declared a national priority by the President and Congress; and Tennessee declares suicide prevention as a state priority and the legislature, in partnership with TSPN, implements the Tennessee Strategy for Suicide Prevention based on the National Strategy for Suicide Prevention; and

WHEREAS, Tennessee is a national leader in the effort to prevent suicide, being one of the first states to develop a suicide prevention and evaluation plan covering the lifespan; and

WHEREAS, the Governor of Tennessee has appointed a Suicide Prevention Network Advisory Council to coordinate the implementation of the Tennessee Strategy for Suicide Prevention; and

WHEREAS, the Tennessee Suicide Prevention Network is a grassroots collaboration of Tennesseans and organizations working to eliminate the stigma of suicide, educate the community about the warning signs of suicide, and ultimately reduce the rate of suicide in our state; and

WHEREAS, the Tennessee Suicide Prevention Network is also committed to excellence in suicide prevention, intervention, and postvention,

August 16, 2017

The Honorable Michael Williams, County Mayor and Board of Commissioners Union County 901 Main Street, Suite 100 Maynardville, TN 37807

Dear Mayor Williams and Members of the Board:

Our office received a request from Union County (the "County") on August 15, 2018, to approve the issuance of tax and revenue anticipation notes ("TRANs") for fiscal year 2018 in the amount of \$140,000 for its Emergency Medical Services Fund as an interfund loan from the General Fund.

Section 10 of the fiscal year 2018 Appropriation Resolution No. 01-06-12-2017 adopted on June 12, 2017, by the County Commission authorizes the issuance of tax anticipation notes. The County also provided cash flow forecasts for the Emergency Medical Services Fund and General Fund, prepared by the Director of Finance, which supports the need to issue the TRANs, the County's ability to repay the TRANs by June 30, 2018, and the ability of the County to make an interfund loan from its Emergency Medical Services Fund.

The financial information presented by the County represents assertions of its financial condition and may or may not reflect the current or future financial condition of the County.

Limitations on Tax and Revenue Anticipation Notes

Counties in Tennessee are authorized to issue TRANs pursuant to Tennessee Code Annotated, Title 9, Chapter 21 for the purpose of meeting appropriations made for the current fiscal year in anticipation of the collection of taxes and revenues of that fiscal year, subject to the prior approval of the Comptroller of the Treasury. TRANs may not be issued to pay expenditures from the prior fiscal year.

The authorized amount of TRANs must not exceed 60% of the annual appropriation for each fund receiving proceeds from the loan and future revenues projected must be sufficient to provide for the payment of the TRANs by June 30, 2018.

TRAN Approval Letter to Union County August 16, 2017 Page 2

We have determined that the County's request is within the percentage limitation described above. Additionally, the cash flow forecast for the County's General Fund reflects revenues sufficient to repay the TRANs.

Fiscal Year 2018 Budget

The County is currently operating under a legally authorized budget for its fiscal year 2018. Our office approved the County's fiscal year 2018 budget in a letter dated July 19, 2017.

Debt Management Policy

The County provided a copy of its debt management policy, and within forty-five days of issuance of the debt approved in this letter, is required to submit a Report on Debt Obligation that indicates that this debt complies with its debt policy. If the County amends its policy, please submit the amended policy to our office.

Tax and Revenue Anticipation Notes (TRANS) Approval

This letter constitutes approval for the issuance of TRANs in the amount of \$140,000 for the County's Emergency Medical Services Fund as an interfund loan from the General Fund.

The approval of the TRANs is conditioned upon agreement with the following terms by the County Board of Commissioners:

- A copy of this letter shall be provided to all the members of the County Commission, be
 presented at the next meeting of the County Commission, and be entered in the minutes of the
 meeting.
- The County shall comply with the requirements of Tennessee Code Annotated, Title 9, Chapter 21.
- The County shall use the Tax and Revenue Anticipation Note Form enclosed with this letter as its loan document.
- The County shall report the execution of the TRANs and the amounts to the County Commission and this Office within 45 days of issuance on the Report on Debt Obligation, Form CT-0253.
- The County shall maintain a balanced budget with no cash deficits and sufficient to pay operating and debt service costs.
- The County shall repay the TRANs no later than June 30, 2018, and provide our office documentation within 15 days of repayment, but no later than June 30, 2018. If the County does not issue the TRANs, please provide documentation to our office stating the non-issuance no later than June 30, 2018.

This letter and the approval to issue debt do not address compliance with federal tax regulations and should not be relied upon for that purpose. The County should discuss these issues with a tax attorney or bond counsel.

the Architect nor the Owner has control over the cost of labor, materials or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work or from any estimate of the Cost of the Work or evaluation prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding and price escalation; to determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents; to make reasonable adjustments in the program and scope of the Project; and to include in the Contract Documents alternate bids as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget for the Cost of the Work. - authorize rebidding or renegotiating of the Project within a reasonable time;
- terminate in accordance with Section 9.5; .3

The Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project. If the Owner and Architect intend to transmit Instruments of Service or any other information or documentation in digital form, they shall endeavor to establish necessary protocols governing such transmissions.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 7.3 Upon execution of this Agreement, the Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations, including prompt payment of all sums when due, under this Agreement. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. § 7.3.1 In the event the Owner uses the Instruments of Service without retaining the author of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 GENERAL

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action, whether in contract, tort, or otherwise, against the other arising out of or related to this Agreement in accordance with the requirements of the method of binding dispute resolution selected in this Agreement within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201-2007, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents and employees of any of them similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes or other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.7.

§ 8.2 MEDIATION

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.

§ 8.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of the Agreement. A request for mediation shall be made in writing, delivered to the other party to the Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this section, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 8.2.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

A demand for arbitration shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the arbitration.

§ 8.3.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of any claim, dispute or other matter in question not described in the written consent.

\$8.3.4.3 The Owner and Architect grant to any person or entity made a party to an arbitration conducted under this Section 8.3, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Architect under this Agreement.

§ 11.10.2 Unless otherwise agreed, payments for services shall be made monthly in proportion to services performed. Payments are due and payable upon presentation of the Architect's invoice. Amounts unpaid (<u>Thirty</u> (30)) days after the invoice date shall bear interest at the rate entered below, or in the absence thereof at the legal rate prevailing from time to time at the principal place of business of the Architect. (Insert rate of monthly or annual interest agreed upon.)

One percent (1%) per month.

§ 11.10.3 The Owner shall not withhold amounts from the Architect's compensation to impose a penalty or Iquidated damages on the Architect, or to offset sums requested by or paid to contractors for the cost of changes in the Work unless the Architect agrees or has been found liable for the amounts in a binding dispute resolution proceeding.

§ 11.10.4 Records of Reimbursable Expenses, expenses pertaining to Additional Services, and services performed on the basis of hourly rates shall be available to the Owner at mutually convenient times.

ARTICLE 12 SPECIAL TERMS AND CONDITIONS

Init.

Special terms and conditions that modify this Agreement are as follows:

12.1 The above fee includes any federal, state or local sales, service, or other taxes which are applicable as of the date of this Agreement (the "Effective Date"). Any new taxes which are imposed by law after the Effective Date will be considered an additional cost and will be added to the above fees.

12.2 In recognition of the relative risks, rewards and benefits of the Project to both Owner and Architect, Owner and persons claiming through Owner agree to limit the liability of Architect, its agents, consultants and employees for all claims arising out of, in connection with or resulting from the performance of services under this Agreement to the greater of (i) an amount in the aggregate of the amount of fees paid under this Agreement or (ii) an amount equal in total to \$500,000 of the proceeds available under Architect's applicable insurance policy.

12.3 Services for interior design and furniture, fixtures and equipment services are not included in Architect's Basic Services. Civil engineering, landscape architecture, kitchen design, and acoustical design services are not included in Architect's Basic Services.

12.4 The parties acknowledge that Architect is a limited liability company and Owner is a corporation or limited liability company. The parties agree that any claim made by a party arising out of any act or omission of any director, officer or employee of the other party, in the execution or performance of this Agreement, shall be made against the corporation and not against such director, officer or employee. Notwithstanding the foregoing, if Owner is not a corporation or limited liability company, Owner's liability is not limited by the terms of this provision.

12.5 Nothing contained in this Agreement shall require Architect to exercise professional skill and judgment greater than that which can be reasonably expected from other architects performing similar services to those required hereunder. No fiduciary agreement or relationship is intended or implied. Architect makes no warranties or guarantees, express or implied. This limitation shall not be modified by any certification or representation made by Architect as an accommodation upon request of Owner. Architect shall not be responsible for any failure to follow or apply any knowledge or techniques which were not generally known, acknowledged or accepted as of the time during which Architect is performing its services under this Agreement. The parties acknowledge that no set of plans and specifications is entirely free of errors and omissions and the existence of an error or omission does not automatically constitute a breach of the standard of care. Owner shall establish a reasonable contingency line item in the construction budget to cover premium costs resulting from errors and omissions, and Architect shall not be liable therefore unless the errors and omissions both exceed a reasonable contingency amount and constitute a breach of the standard of care.

12.6 In order to minimize construction problems and change orders, Architect's standard practice requires the completion of detailed working drawings, submission for review and comment by reviewing agencies and incorporation of those comments and/or changes prior to bidding and entering into firm construction contracts. However, Owner may choose to accelerate the completion of the work so that it is completed in a shorter time period than would normally be required. Owner agrees that if the decision to fast-track the Project is made after the

scope and fee for Basic Services has been agreed upon, Architect's additional fees associated with the fast-track process will be considered a contingent additional service and Owner shall compensate Architect for such additional fees pursuant to Section 3.3 of this Agreement. Owner understands that if construction or furnishings contracts are let prior to the completion of final working drawings and specifications there may be increases in costs and change orders caused by the inability to coordinate Construction Documents, and the inability to make various decisions until after early bids are received and some construction undertaken. Architect has no responsibility for these conditions.

12.7 The Owner may choose to disregard the advice of Architect or may otherwise choose to deviate during construction from the construction documents prepared by Architect. Therefore, Owner hereby indemnifies and holds harmless Architect, its agents, employees and consultants from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees and economic damages, arising out of, in connection with, or resulting from the performance (or failure to perform) of any aspect of construction of the Project, where the Owner has knowingly authorized or permitted a deviation from any document prepared by Architect which, over Architect's objection, has not been corrected or where the Owner has elected not to follow any recommendation of Architect. In the event that Architect or any other party indemnified hereunder is required to bring an action to enforce the provisions of this indemnity, the indemnifying party shall pay the attorneys' fees and costs incurred by the indemnified party in bringing this action.

12.8 Owner will cause Architect, their Consultants and Employees to be named as additional named insureds under the Builders' Risk Insurance applicable to the Project and under any Owner's Protective Policy applicable to the Project.

12.9 The Americans with Disabilities Act ("ADA") provides that alterations to a facility must be made in such a manner that, to the maximum extent feasible, the altered portions of the facility are readily accessible to persons with disabilities. Owner acknowledges that the requirement of the ADA will be subject to various and possibly contradictory interpretations. Architect, therefore, will use its reasonable professional efforts and judgment to interpret applicable ADA requirements and other federal, state and local laws, rules, codes, ordinances and regulations as they apply to the Project. Architect however, cannot and does not warrant or guarantee that Owner's Project will comply with all interpretations of the ADA requirements and/or the requirements of other federal, state and local laws, rules, codes, ordinances and regulations as the apply to the Project.

12.10 If Architect is required to deliver any services required hereunder in the form of digital encoded media, the printed representation of drawings and specifications issued for the Project by Architect shall be the official record of Architect's service provided upon completion of the services and payment in full. Owner agrees to execute Architect's Standard Agreement for Release of Digital Documents to Owner as a condition precedent to the release of any digital media by Architect. Owner shall have a right to rely only on the printed representation in connection with any subsequent modification of such digital media and agrees to indemnify, defend and hold Architect harmless from all cost and expense, including attorneys' fees, from claims which arise out of modification or re-use of such digital media or printed representation by or on behalf of Owner without Architect's consent. Under no circumstances shall transfer of drawings and other instruments of service on digital media for use by Owner, be deemed a sale by Architect, and Architect makes no warranties of merchantability or fitness for a particular purpose. Owner hereby specifically requests Architect to release digital encoded media to Architect's consultants and Owner's Contractor for the Consultants' and Contractor's reference in assisting the Owner on the Project. All such releases to Architect's consultants and the Contractor will prohibit the consultants and the Contractor from using the digital media for any other purpose.

12.11 Value engineering is the detailed, systematic review of the design concepts, construction techniques, materials and building types associated with a project solely in terms of life cycle costs in an attempt to obtain value for every dollar spent. If Owner chooses to engage in value engineering, Owner shall either retain the services of an independent Value Engineer ("VE") to perform the above review services to be completed at a stage no later than 50% Design Development, or pay a mutually agreeable sum to Architect to perform the above review services at a stage no later than 50% Design Development. If value engineering occurs at a stage later than 50% Design Development, Owner acknowledges that schedule and cost impacts may occur. If Owner chooses to retain an independent VE, all recommendations of the VE shall be given to Architect for its review and adequate time will be provided for Architect to respond to these recommendations. Architect shall be compensated as a Change in Services for time spent to review the recommendations of the VE and to incorporate those accepted by both Owner

and Architect. Objections to any recommendations made by the VE shall be stated in writing, and Owner agrees that Architect shall not be responsible for any damage, cost or liability which arises in connection with or as a result of the incorporation of such design changes.

12.12 The Contractor may make recommendations to Architect regarding the selection of systems, materials and cost reducing alternatives. Architect shall review the Contractor's cost reduction proposals and incorporate those accepted by Owner into the documents. Such review and incorporation by Architect shall be payable by Owner as a Change in Service. The process shall be completed at a stage no later than 50% Design Development. If such process occurs later than 50% Design Development, Owner acknowledges that cost and schedule impacts may occur. Owner also acknowledges that cost reduction proposals may substitute systems or materials of lower initial cost, quality and performance than those that were initially selected.

12.13 If the Project involves remodeling and/or rehabilitation of an existing structure. Owner acknowledges that certain assumptions may be made regarding existing conditions. Because some of those assumptions may not be verifiable without expending additional sums of money or destroying otherwise adequate or serviceable portions of the building, the Owner agrees to release Architect from liability for any claim or cost for injury or economic loss arising out of the professional services provided under this Agreement with respect to the verification of existing conditions. However, nothing in this Agreement shall release Architect from liabilities, damages or costs attributable to its sole negligence or willful misconduct.

ARTICLE 13 SCOPE OF THE AGREEMENT

§ 13.1 This Agreement represents the entire and integrated agreement between the Owner and the Architect and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both Owner and Architect.
